SEATING ARRANGEMENT

Front & 2nd Row Flat

Rear Seat Fully Flat

2nd Row Swiveled

Front & 2nd Row Passenger Use

Full Luggage Capacity

Child Care Mode

ALL I NEED IS POWER

Enjoy the smooth yet powerful engine, give you riding excitement like never before.

3ZR-FAE to achieve both high output and efficient fuel consumption engine (with Valvematic)

Valvematic is a system that controls the volume of air intake by cooperative control of electronic throttle and the intake valve that continuously varies the valve lift amount/valve timing.

Especially when the load is at low or medium level, it opens the intake valve at the early stage of air intake process. After letting in the required amount of air, it closes the intake valve to substantially reduce the pumping loss.

Due to a synergetic effect with CVT (Continuously Variable Transmission), smooth start-off/acceleration feel & powerful driving performance have been realized in all engine speed ranges.

ALL I NEED IS SAFETY

Full feature protection system for you and your family

Projector Headlamp

Sideview Mirror with Turning Signal Lamp

Corner Sensor (V Type)

Dual SRS Airbags

ABS + EBD
